MOTION/RECOMMENDATION:

Approve and authorize the Chairman to execute a resolution recognizing Sears Home Improvement Products as a "Qualified Targeted Industry" (QTI); approve and authorize the Chairman to execute an Interlocal Agreement between Seminole County and the City of Longwood for the purpose of this resolution.

BACKGROUND:

Sears Home Improvement Products and Services business is one of the largest employers in Longwood, FL. They currently have 699 employees with current payroll taxes of \$1.6 million. Sears Home Improvement Products has experienced a 9% compounded annual growth rate for the past 7 years and is currently adding two new national products lines: HVAC and roofing. The new lines will require additional investment in personnel, capital and other annualized expenses at the new location. If located in Florida, the new building project will utilize local business and contractor services including architects, electricians, information systems support, telecommunications, catering, landscaping, and an array of additional purchased services from the local economy. Additionally, the new location will serve as the national headquarters for Sears Home Improvement Products, the largest subsidiary outside of its Chicago Headquarters. The investment could potentially continue to develop with national meetings, local enterprise patronage and increased tax base contributions.

Sears Home Improvement Products is assessing the potential to purchase a 134 acre site, near their current location at 1024 Florida Central Parkway, on which to build a 50,000 sf facility to house the corporate headquarters and administrative offices. Capital investment is anticipated to be 7 million dollars. The expansion would add an additional 207 jobs to their current work force of 699 with an annual average salary of \$37,921.00 which exceeds the required 115% of Seminole County's average wage.

File No. RED01

The Board of County Commissioners is being asked to consider a Qualified Target Industry Incentive (QTI) Award for Sears Home Improvement Products. The total award is \$621,000. In accordance with the QTI program, local governments are required to provide a 20% match (\$124,200), which in this case would be split with the City of Longwood, each assuming 10% of the match. The Seminole portion would be \$62,100. If approved, a separate interlocal agreement between the City of Longwood and Seminole County, at the request of the City, will guide the administrative and payment activities associated with this award.

The City of Longwood has agreed to participate in the Qualified Targeted Industry (QTI) Incentive Award for Sears Home Improvement Products. As part of their participation, they have asked the County to provide oversight to the agreement. The attached Interlocal Agreement details the conditions pertaining to that oversight.

Funds are available in the JGI Trust Fund to cover this request.

The project is consistent with stated economic development priorities of Seminole County in several respects;

- The job creation is consistent with the development of high value added job opportunities within the county as stated in the JGI Ordinance, Section 1, (b).
- The project location and industry sector is consistent with the stated objectives of Seminole County's Economic Development Strategy, and the Metro Orlando EDC and Enterprise Florida Economic Development goals.
